

Project Profile
**AMON G. CARTER MUSEUM OF AMERICAN ART
EXPANSION**

Location: Fort Worth, Texas
General Contractor: Linbeck Construction
Architect: Philip Johnson
Scope/Services: Framing, Drywall & Acoustical Ceilings

Completed in 2001, the Amon Carter Museum Expansion preserved the original structure from 1961 and removed the 2 previous additions from 1964 and 1975. The expansion added 109,000-square feet, including a 160-seat auditorium, the new Lancaster Avenue entrance, library, photography conservation laboratory, atrium, members' lounge, education facilities, art storage vaults and the galleries.
