

Project Profile
Crossroads Fellowship Phase 2

Location: Odessa, TX
General Contractor: The Beck Group
Architect: The Beck Group
Scope/Services: Framing, Drywall & Acoustical Scope, Sound Panels

The CrossRoads Fellowship constructed a 26,000 SF expansion to its campus to keep up with its growth in its ministry. This addition doubles the amount of space for children’s and student ministries. This new addition includes a 300-seat auditorium, coffee bar and a large community space for group activities.

The auditorium walls have a saw-tooth design with sound panels.
